MISSION STATEMENT

The Professional Photographers of Nebraska and it's Board of Directors are dedicated to uplifting professionalism to the highest of standards, promoting ethical practices within the photographic industry, and educating its members through publications, forums, and conferences.

### PURPOSES

To unite in common organization those engaged in photography as a profession, and to promote the common business interests and improve the business conditions of those engaged in the photography profession.

To create, foster, promote, and maintain cordial relations and cooperation and interchange of thought and opinion freely among members, and to acquaint the members with advancements in photography through, among other means, the publication of a magazine and newsletter.

To regularly conduct shows and conventions which, through the character of the exhibits and the extent of industry products displayed, stimulate interest and demand for, the product and services of the photography profession in general.

To formulate and maintain ethical standards for the guidance of it's members in their relations with each other and with the public.

HISTORIAN  
 Jeff Funk

Well, once again I'm writing an article which signifies the end of my Presidents year. Truth be told, I'm writing this in July. My year as president was up 3 months ago. It's funny how fast time goes by, and how quickly things seem to change. 2017 marked my 21st year in the PPN, and holy cow! The landscape has definitely changed! In 1997, we were almost all still using film. Digital cameras for portrait photographers had been around a short while, but definitely were not popular yet. I didn't buy my first until 2005. (As a real estate appraiser, my Mom had already been using one for 2-3 years.)

One of the changes I've noticed the most over the years is the change in 'the photographer'. You know, the creature that is the photographer. The full time, studio photographers are becoming fewer and further between. The typical photographer today is a full time mom, part time photographer, who's younger than ever before. But, that's just a sign of the times and the changing state of the industry. Everything changes. Some of us may not be comfortable with the change, but its happening. Right now. And there's no stopping it! Now.... I'm not saying that I want to stop anything. It just takes me a while to adjust. But, when I stop & think about it, there's some pretty cool, creative, and new things happening out there! I don't understand some of them, but hey... only 1 of Vincent Van Gogh's paintings ever sold during his lifetime. Now he's considered to be one of the best painters that ever lived. So....my lack of understanding means absolutely nothing! Lol The only thing I know for sure is that there are more photographers right now, than there have ever been at any other time in history. And, that's pretty cool!

On another note, we lost a couple great PPN people this year. January saw the passing of Angie Milroy, and then we lost our good buddy Tom Sterba in April. Both of them were wonderful volunteers for the PPN and had given so much of their time and friendship over the years, that it would be hard to measure. They'll both be missed greatly.

I'll wrap this up by thanking my Board of Directors. Past and present. All 30 of you! (I just counted.) Thank you all for your work and dedication to the PPN! I have no doubt in my mind, that without some of you, the PPN wouldn't still be here. Love you guys!

With them in mind, I'll say to any of you who are fairly new to the PPN, or just haven't gotten involved yet... Please, please get involved! Like most things, the more you put into the PPN, the more you'll get out of it. I started volunteering right away, but I never dreamed I'd spend the better part of the next 20 years on the board! But, I've honestly loved it! Some of the best friends I've ever had are people I served on the board with. I would never have gotten to know them so well if we hadn't

MESSAGE FROM our '16-'17 PPN PRESIDENT spent all that time together. So my advice is, volunteer to help out at a convention. There are plenty of small jobs, and some places where just a little extra help is needed. Your work will be greatly appreciated, & I'm sure you'll make some new friends! Not to mention that you'll earn Service Credits that will be applied towards your PPN degrees! So, touch base with the board and see where you can lend a hand. I'm sure you won't regret it!

Thank you!

*Bob Alberts* F.PH

TERRY WINSLOW Cr.Photog.,CPP,  
Hon.F.Ph.,D.S.D.

I would like to introduce myself, I'm Vance Wagener and along with Terry Winslow we are your Nebraska State CPP Liaisons.

Our past banquet celebrated excellence in competition. It is that completion that leads to our State degree program. I've seen articles on the internet stating photographers don't need to compete, it's a waste of money and that the only validation they need is green back validation. Sadly in my opinion they miss the point. As the more experience competitors will tell probably tell you; It's not the awards but the journey to achieving the goal that has made the difference.

The same can be said about the CPP process. In this day were everyone who owns a cell phone is a photographer I needed something to set myself apart as a professional. CPP looked like the way to go. What I didn't know is that the journey was going to help me reach the next level of my photography and my business. Because I went through the process I'm better able to self critique my work, refine some of the rough edges and just plain produce a better image for the client. While the written exam is all about technical stuff it: studying it leads to better understanding of how to employ that knowledge on the fly in the field. The portfolio review is all about classical lighting, proper and corrective posing and applying the soft rules of composition to your work. Which by the way can help in competitions as judges will often mark down for breaking the soft rules if there isn't a compelling reason to do so.

What studying these processes ultimately leads to is consistency and the ability to perform looks and styles on demand. While my younger self may have produced a fantastic image. I didn't always have the ability to reproduce those images on demand because I didn't know what soft rules I followed or didn't follow.

The next benefit I found was a greater confidence in my work making it easier for me charge more and get paid for what I was producing. I've always dreaded giving the client the total at the end of the ordering session. Now I know I'm worth the money they spent.

Finally the question is does CPP behind your name mean that people will flock to your door?

Honestly, most don't care but the one's who do have been other professionals who have to go through a certification process and keep up with continuing ed. The CPP program has been revamped and follows standards that was established by The National Institute of Credentialing Excellence (ICE), so many of the standards are essentially the same as those credentialed clients. It also tends to make a difference with brides. Brides want to be able to brag about their photographers. It doesn't hurt to be able to say that you are 1 of 18 Certified Professional Photographers in the State. And makes them feel a bit better about the money they have spent while at a time where money seems to be flying everywhere.

So for me it really has been the journey to become a CPP that has made the difference in my photography and my business. If you are interested in that journey too this is the perfect time to start we are here to help.

If there are any questions you have about the CPP program Terry or I would be happy to sit down and talk to about it.

Fellowship is a major part of the success of the Professional Photographers of Nebraska. It's the time and talent that we can all give to the association to make conferences run smoothly and make us all better photographers and business owners. I am a strong believer in volunteering for the betterment of the industry, it only helps us all out. And since we ask for volunteers we don't want your time and talent to go unappreciated and not noticed.

The Fellowship Degree program awards those who have given their time and talent over the years. Credits are earned for service given and for photographic achievement from print competitions through the Professional Photographers of Nebraska. Merits are awarded from the Professional Photographers of America and accumulate for national degrees. In some cases, PPN awards credits earned from national merits that will apply to your state fellowship degree. The board of directors will notify me for credits if you served on crews for PPN functions and for print awards for state and national competitions. However you will have to notify me if you are to receive credits for speaking, judging for other associations, or articles published in a national trade journal.

I highly encourage all members to get involved in our state association. I know it can be a lot of work, but I have made some of my very best friends by helping out at conferences, by being on the print crew or helping in hospitality. Working side by side creates a bond or friendship that we need and that is what the PPN is built on. To give your time and talent, you can contact the current conference chair or you can contact me anytime with questions about the degree program.

FALL CONFERENCE RECAP

CONFERENCE CHAIRPERSON  
CINDY MAURER S.S.D.  
cindymaurer88@gmail.com

SEPT 11-10 | OMAHA, NE  
ROCKBROOK CAMERA@LEGACY  
HENRY DOORLY ZOO

Fall conference was an unusual format as we were trying a few new things this year. We kicked off all conference at Rockbrook Camera with our print competition. After that we had a Safari session with Bob Alberts and Brian Baer shooting families outside. They demonstrated using off-camera flash on camera flash and harsh sunlight which were difficult situations for most photographers and helped us understand how to overcome those obstacles. They also concentrated on posing family groups. And did a fabulous job.

We enjoyed a an evening of friendship and shoptalk at upstream brewery with lots of photographers participating. Sunday was our big event with Gary and Pam box at the Omaha Henry Dorley zoo. Gary and Pam gave a fabulous program packed full of senior picture posing pricing package building marketing and camera equipment information. We were able to shoot with a model at the zoo and give hands-on instruction on lighting posing and senior photo helpful hints. It was great to have a different location and everyone seemed excited about a venue that was unique with lots of different shooting options. Fun was had by all and it was a great learning experience with some masterful photographers at the top of their game.

Brian Baer & Bob Alberts

VISION CONFERENCE RECAP

WINTER VISION CONFERENCE | FEB 18-20 | GRAND ISLAND, NE-HOTEL GRAND

CONFERENCE CHAIRPERSON  
JASON DEYO M.Photos., F.Ph.  
deyo2005@gmail.com

Wow!! What can I say, the Winter Conference was fantastic! We tried some new and fun ideas and we got some great feedback from all of the members that attended this amazing conference. The first thing that we tried was to simulcast the print competition into the trade show area. We brought in a tv and some couches and everyone was able to watch their prints being scored live while relaxing on a nice comfy couch. Can't wait to see what we add to this next year, maybe a dart board with the judges pictures on it. The judges were awesome by the way. I'd like to thank the Print Crew for doing such a great job putting on a flawless Print Competition. We also started using the website [Printcompetition.com](http://Printcompetition.com) for our print competition which has worked out very well. We also thought it would be fun to have a themed President's Banquet. This year we decided on a 50's theme and dress up for dinner in your favorite 50's style attire. It turned out to be a blast and I don't remember anyone that didn't dress up. We even took a group photo before dinner, such a great memory to have for all of us! Afterall that's why we are in business, to create and document memories. The conference had some amazing speakers that brought us a 3 days full of photography knowledge. Lori Nordstrom, Diane Siefkes, John & Cindy La Barge, Ted Linczak and our very own Amy Minshull. Our goal every conference is to find speakers that are going to teach and I believe we delivered. We also brought back our mentor program. Our mentors were Stacy Ideus and Bob Alberts. They spent time one on one with our members to talk everything photography. We were able to add to our trade show this year as well. We can't thank our vendors enough for coming to our conferences and meeting with all of you. Our vendors were JB Frames, Marathon Press, Lavender Lou, American Color Imaging, Acrylic Press, Rockbrook Camera, H&H Color Lab and The Camera Doctor. Last but not least our conferences wouldn't be able to go on if it wasn't for the hard working board of directors. They put in so much hard work to make this conference a huge success. Thank you!

# PPA NATIONAL AWARD

*Brian Baer*

## PPA National Award

The National Award is provided by the PPA to National, Regional, and International affiliated associations which confer this special honor in recognition of outstanding service to professional photography performed by an individual usually in the association's region. Recipients are selected by the affiliated association. Usually awarded at PPN Spring Conference.

# PHOTOGRAPHER of the YEAR

*Keith Howe*, M.Photog., M.Artist, MEI, Cr., CPP, D.F.Ph.

## Alvin Duis Memorial Award

This award is given to the highest scoring photographer of the year. Master or Non-Master from Nebraska. Duis was a band teacher from Kimball who became interested in photography and decided to pursue it as a career. He operated a studio in Sidney, NE along with his wife, who became his retoucher and finisher. Being very active in PPN, he was a board member in the 1950's and worked hard during his active years helping wherever needed. He was the first Master in the state and served as secretary for the prestigious Camera Craftsman of America; one of only 40 members. He taught at Winona for 3 years and printed all of his own work. He loved the control he could have over the b&w image. Alvin Duis died in 1967 after having been of real service to this profession and PPN.

# NOVICE of the YEAR

## Nikki Stueckrath

### Virgil Pitstick Award

Long before PPN was formally chartered, Virgil Pitstick (of Nebraska City) was helping young photographers get started in the business --- one of the purposes of our present-day organization. He held meetings and demonstrations in his studio just because he enjoyed helping people do what he loved so much: photography. Because of this desire to see new people succeed and excel, the Virgil Pitstick Award is given to the Novice of the Year based on total print score of a photographer in his/her first or second year entering print competition and who has been in the business of photography less than 5 years.

# BEST PORTRAIT of SHOW

## Jessica Galaska M.Photog., Cr., D. PH, CPP

'Brainstorm'

### Ed Arnold Award

Ed Arnold touched many lives in his photography career; a profession that he participated in throughout his life. From his beginnings, working in his father's studio [Arnold Studio], he rose to own and operate the family business before selling it to help build a lab business. He served as the President of PPN and received the National Award in 1969. In addition, he received an Honorary Fellow of Photography and was active in several civic organizations as well. Because of his willingness to share his wealth of knowledge in a quick-witted style, the *Tony Withers Award* was renamed in 1990 and is presented to the best portrait of show.

# BEST NON-PORTRAIT of SHOW

*Keith Howe* M.Photog., M.Artist,MEI,Cr., CPP, D.F.Ph.

'Sculpted By His Hand'

## President's Award

The complexion of our association has traditionally been mostly portrait photography. Even today, most of us have our roots in portraiture and there is a consistent danger of overlooking talent in other areas of photography. We all know that our craft requires us to be very versatile, and to apply what we know to a variety of subjects, not just portraiture. For this reason the President's Award, honoring outstanding achievement in a non-portrait photograph, is a very special tribute.

# BEST NON-MASTER PRINT of SHOW

*Jim Bunger*

'Got Film'

## Les Hassel Memorial Award

Les loved to help and serve his fellow photographers. He faithfully served as President of both Nebraska and Heart of America organizations. Among his many accomplishments were: Master of Photography, Degree of Photographic Craftsman, and Nebraska Diamond Fellow. He was deservedly selected Photographer of the Year twice and Top Master eight times! None of these honors, however, meant as much to Les as the two National Awards with which he was recognized by his peers. He especially enjoyed helping newcomers with their print competition and welcoming them to our organization. He would be especially proud to have us present this award in his honor. Given to the highest scoring Non-Master print of show.

### PAST RECIPIENTS

2007 JEFF BAUMAN  
2008 KAMERON BAYNE  
2009 JASON DEYO  
2010 JASON DEYO  
2011 SOPHIA JOHNSEN

## Certified Professional Photographer

This certification program does not require a recipient to have certification to receive the Master of Photography degree. Although if re-certification occurs, there are 3 options to choose from:

- 1- members may submit a form that indicates a completion of 25 education units over the past 5 years of their certification
- 2- members may submit a form that indicates a completion of 10 education units and 20 images that have passed the certification review
- 3- members may choose to retake the certification exam

If you would like more information on becoming certified, visit [www.ppa.com](http://www.ppa.com) or contact
