President's Message

Well I have sat down to write this final message four or five times, I have three hard copies of my first drafts. Every one is very different from the other. A lot of changes have been going on in my family, and in my life. So each time I write it a week later I feel differently, and the message no longer feels appropriate. As I think about what I want to say, I think about all the people I want to thank, and I want to say something so prolific that people always remember. I guess I have come to the realization that I just can't seem to get the things I want to say to come out on the paper. So I have decided to quit trying.

So I will thank a few people, I will talk a little bit about our organization, and I might even talk a bit about our changing industry. And hopefully something that comes out of this will be

worthwhile. I have changed a lot since joining the PP of Ne. board 8 ½ years ago. I believe I have changed in many positive ways, for that I feel very fortunate. My experience has been so much greater, because of the people I have dealt with along the way. Because of this I owe the organization a huge debt of gratitude.

So I guess my first Thanks go out to everyone that has touched my life along the way, and have made me become a better person. There are too many people to list them all, and even if I did I would probably forget someone, so I won't try. But I do want to thank those individuals that I served with on the board, they are some of the most selfless people I have ever met, they have taught me about giving, sharing, and doing things for others. I would also like to thank those people that have shared their time, ideas and their

wisdom it was, and is very much appreciated.

The one I need to thank most is my wife Carol, through everything she has been so supportive of all the long hours, and the time away and the late nights, going to bed at two or three or four A.M. I am not just talking about my time on the board, but the challenge of running a photography business, especially with the industry changing as rapidly as it has been the last few years. Obviously we all see the changes going on around us, with the closing of so many labs and other photography service companies, I think we need the PP of Ne. even more now than ever before.

So on that note I will close, and ask that you consider doing something to help someone else, share something with others, put yourself out there for someone. As I think most of us know, it will make you feel great, and you will be rewarded so many times over for your generosity.

Thank you for allowing me to serve this wonderful organization, I will always remember the people, the friendship, and the knowledge I have gained from them.

Sincerely, Eric J. Brun

The Alvin Duis Memorial Award is given to the highest scoring photographer of the year, Master or Non-Master from Nebraska. Duis was a band teacher from Kimball, who became interested in photography and decided to pursue it as a career. He operated a studio in Sidney, Nebraska, along with his wife, who became his retoucher and finisher. Alvin was very active in PPN. He was a board member in the fifties and worked hard during all his active years helping wherever he was needed. He was the first Master in the State of Nebraska. Duis served as Secretary for the prestigious Camera Craftsman of America, one of only 40 members. He taught at Winona for three years. He printed all his own work, loving the control he could have over the b&w image. Alvin Duis died in 1967, after having been of real service to this profession and PPN.

VIRGIL PITSTICK
Novice of the Year

Tim O'Neill

Long before PPN was formally chartered, Virgil Pitstick, of Nebraska City, was living one of the purposes of the organization by helping young photographers get started in the business. He held meetings and demonstrations in his studio, just because he enjoyed helping people enjoy what he loved so much, photography. Because of this desire to see new people succeed and excel, the Virgil Pitstick Award is given to the Novice of the year based on total print score of a photographer in his first or second year of competition and who has been in the business of photography for less than five years.

ED ARNOLD AWARD
Best Portrait of Show
Matt Houska
"Night Rider"

Ed Arnold touched many lives in his career of photography, a profession that he participated in throughout his life. From his beginnings in his father's studio, Arnold Studio, he rose to own and operate that business before selling it to help build a lab business here. He served as the President of PPN, and received the National Award in 1969. In addition, he received a Honorary Fellow of Photography and was active in several civic organizations as well. Because of his willingness to share his wealth of knowledge in his quick witted style, the Tony Witchers Award was renamed in 1990 and is presented to the best portrait of the show.

The complexion of our association has traditionally been mostly portrait photography. Even today, most of us have our roots in portraiture and there is a constant danger of overlooking talent in other areas of photography. We all know that our craft requires us to be very versatile, and to apply what we know to a variety of subjects, not just portraiture. For this reason the President's Award, honoring outstanding achievement in a non-portrait photograph, is a very special tribute.

Scholarships Available Through PPN

by Jeff Funk, Scholarship Chairman

Professional Photographers of Nebraska have always known that continuing education is vital to the success and growth of a portrait studio. This is evident by the number of members who attend PPN conference educational sessions. To support our members in their quest for improvement and growth, PPN sponsors an annual \$500 scholarship to any PPA approved school. We also administer scholarships from other individual donors and schools. Scholarship recipients are chosen from PPN members who submit a request in writing to the scholarship chairman. The scholarship request form is published in the Fall edition of the *PPN News & Views*.

This year's award winners are:

\$550 PPN Scholarship – Marea Bishop

Marea will attend the 2005 Mid America Institute of Professional Photography (MAIPP) School.

\$250 Millers Professional Imaging Scholarship – Katie Arndt

Katie will also attend MAIPP.

\$200 MAIPP Scholarship – Kristin Kirscher

\$100 American Color MAIPP Scholarship – Andrea Asche

Additionally, to help with continuing education from within our organization, Jim and Sylvia Frieze have generously established the **Jim and Sylvia Frieze Learning Experience Scholarship**. This year's recipient is **Matt Houska**. Matt will choose from a list of PPN Mentors and he will receive **\$200** to help cover his expenses while he studies with his mentor.

These scholarships are available to all PPN members. You can't win if you don't apply! So, look for the application in the Fall issue of the *News & Views*.

Congratulations to all this year's scholarship recipients.

Ethics Committee 2004-05

The purpose of the PPN Ethics Committee is twofold. One is to field and mediate consumer complaints involving both member and non-member professional photographers. The second is to field inquiries or complaints regarding unethical or unprofessional practices by any Nebraska photographer.

Due to the obvious professionalism of most Nebraska photographers, the need for the ethics committee is almost non-existent. The committee does field several phone calls throughout the year but rarely is required to actually investigate a complaint. If in fact an investigation is warranted, the most common complaints deal with wedding photography and more times than not, those complaints come from clients of photographers who are not members of PPN or the Professional Photographers of America. Perhaps the education that PPN members receive, translates to better prepared and more professional photographers in our state.

How should you handle a complaint that you or someone else might have regarding another photographer? First, you should never take sides or talk negatively about the other photographer. Second, for the good of our profession, if you believe that you or someone else may have a complaint that should be heard by the Ethics Committee, refer them to us. We will take it from there. Keep up the good work. Treat every client fairly, with respect, and professionally; and you can avoid becoming an ethics committee statistic.

Suppliers To The Industry

The need for communication between the membership and the Suppliers has increased over the past years. With the onset of Digital Photography your labs that you use are offering different services to provide to their customers in order to keep them coming back. Most of the suppliers are going to less Conferences and Seminars making it harder for you to see what is new and improved, all the more reason for better communication. Change is good however, the need for you to professionally package your product either from you're your lab or your supplier of frames or other related products is that we are not going away. The need for continual education will always be your first priority if you attend and event or not. The trade show over the years has suffered with the lack of sales of those attending suppliers. It has been our profit margin that needs to be justified if we plan to attend. So with Heart of America every year the Professional Photographers of Nebraska will have that opportunity to look over what goods and services we have to offer. We look forward to seeing all for you in the future. Thank you for your loyalty and continued support.

▶ Lock in on your ideal target market.

Identify your ideal clients and then learn how to tailor your marketing activities to gain their attention.

▶ Find the keys to a successful marketing campaign.

Learn what it takes to effectively market your studio in order to realize a return on your marketing dollar.

▶ Uncover the marketing strategies of today's top earners.

Discover what has made the industry's top studios successful and how you can implement these proven strategies.

▶ Define your unique marketing style.

Achieve optimum marketing impact from a unique brand identity, consistent message, and recognizable marketing style.

▶ Tap into the power of Internet marketing.

Take advantage of the latest website innovations and technology enhancements.

Most busy studio owners simply do not have the time or expertise to create a comprehensive marketing plan that raises their marketing to the next level.

Marathon's Marketing Workshops held in Norfolk, Nebraska, at the Marathon Education Center allow photographers and their staff members to gain the perspective that comes from leaving the studio behind and focusing their efforts entirely on how to do a better job of marketing the business.

Marathon, in turn, focuses all our resources — from designers and account representatives to Internet specialists and key executives — on helping you market your business more efficiently and cost-effectively.

Workshops are limited to 12 non-competing studios, therefore classes fill up early. Reservations are taken strictly on a first-come, first-served basis.

Tuition

\$795 – Includes hotel and most meals. Additional person(s) from studio can attend at no additional tuition charge; additional charge may apply for extra room(s) and meals only.

To register, contact an account representative at **(800) 228-0629**
