## President's Message

If you would have asked me years ago if I ever dreamed of being the President of the Professional Photographers of Nebraska, I would have thought you were crazy. This journey of mine started out as a hobby that quickly got out of control. Most of you know that I started my adult life as a biology and physics teacher. In fact, I printed my first black & white image in the school darkroom. The hobby began consuming my waking thoughts and I soon started out on this journey of photography. Early on, a couple of people took me under their wing and hired me to do wedding photography. I owe a huge *thank you* to them because they had faith in me and helped me to learn much of what I know today. They also had the foresight to get me involved in our local association in the Omaha area and I also joined PPN. Thank you Les and Lorraine Hassel !

After years of both teaching and working part-time in the

photography field, I decided I wanted to pursue the photography full time and see what would happen. I retired from teaching after 21 years and built a new studio and I have never looked back. After years of attending PPN conferences, my good friend Tom Sterba took me aside and "told" me I was running for the PPN Board of Directors in the next election. He even introduced me to many people as the next new director. I didn't say no and I am really glad that I took the opportunity to help out on the PPN board. It is often said that one needs to give back to the organization, but it is very true. I found that many of the people that I just casually knew from various functions and conferences, had a lot of knowledge and friendship to share. I have met so many new friends by being on the board that I wouldn't have passed it up for the world. It also gave me the opportunity to actually contribute and have some input into what PPN was going to be in the future. I would encourage all of you to *seriously* consider

what you have done to make things better for photography, PPN and your own career. Sure, it takes a commitment of time and energy to run for the board of directors, but you will benefit much more if you get deeply involved, than if you simply stand on the sidelines and just watch.

I want to thank my wife and daughters, for sharing their time with me. They have always been very supportive and I deeply appreciate that. I

also want to thank all of you for the support and kind words you have had for me about this endeavor. I have enjoyed serving this association and I will continue to offer my services whenever, and wherever they might be useful and I hope to see all of you working side by side with me.

Sincerely,

Monte Evans

# 2003 Photographer of the Year Alvin Duis Memorial Award - Eric Brun, Omaha

The Alvin Duis Memorial Award is given to the highest scoring photographer of the year, Master or Non-Master from Nebraska. Duis was a band teacher from Kimball, who became interested in photography and decided to pursue it as a career. He operated a studio in Sidney, Nebraska, along with his wife, who became his retoucher and finisher. Alvin was very active in PPN. He was a board member in the fifties and worked hard during all his active years helping wherever he was needed. He was the first Master in the State of Nebraska. Duis served as Secretary for the prestigious Camera Craftsman of America, one of only 40 members. He taught at Winona for three years. He printed all his own work, loving the control he could have over the b&w image. Alvin Duis died in 1967, after having been of real service to this profession and PPN.

## Virgil Pitstick Memorial Award

*Novice of the Year, Katie Arndt*

Long before PPN was formally chartered, Virgil Pitstick, of Nebraska City, was living one of the purposes of the organization by helping young photographers get started in the business. He held meetings and demonstrations in his studio, just because he enjoyed helping people enjoy what he loved so much, photography. Because of this desire to see new people succeed and excel, the Virgil Pitstick Award is given to the Novice of the year based on total print score of a photographer in his first or second year of competition and who has been in the business of photography for less than five years.

## Ed Arnold Memorial Award

*Best Portrait of Show, James Frieze, Columbus*

Ed Arnold touched many lives in his career of photography, a profession that he participated in throughout his life. From his beginnings in his father's studio, Arnold Studio, he rose to own and operate that business before selling it to help build a lab business here. He served as the President of PPN, and received the National Award in 1969. In addition, he received a Honorary Fellow of Photography and was active in several civic organizations as well. Because of his willingness to

share his wealth of knowledge in his quick witted style, the Tony Withers Award was renamed in 1990 and is presented to the best portrait of the show.

## President's Award

### Best Non Portrait of Show, Brian Watt

The complexion of our association has traditionally been mostly portrait photography. Even today, most of us have our roots in portraiture and there is a constant danger of overlooking talent in other areas of photography. We all know that our craft requires us to be very versatile, and to apply what we know to a variety of subjects, not just portraiture. For this reason the President's Award, honoring outstanding achievement in a non-portrait photograph, is

a very special tribute.

### Certification 2003

Jeff Funk, Chairman

There are many changes taking place in the Certification program and it looks like the program will do nothing but improve because of them.

As you may already know, anyone wishing to receive either their Master of Photography or Photographic Craftsman Degree must first be Certified. This will assure that the degreed photographers are truly knowledgeable in all areas of their craft.

In addition, there are some changes in the certification procedure as well. Beginning with photographers who begin the process after December 31, 2001, there is an increased number of prints that will need to be submitted. This is to be sure that we are certified on the proper mix of work that we are actually doing. You will now have a chance to exhibit your expertise in more areas than was previously possible, and with the digital revolution sweeping the industry, a new test is being prepared to address the new technology.

Nebraska's Certified pool now includes 32 photographers, and is growing slowly, but steadily. We are planning some "Certified Only" programs for some of the upcoming conferences, and are looking into some of the other states' programs to see how we can improve. For more information on the Certification Program Contact Jeff Funk at [jfunkfoto@cox.net](mailto:jfunkfoto@cox.net) or by phone at (402) 991-4413

## 2003 National Award Presented To

### Betty June Ediger

#### By The Professional Photographers Of America

When Ron Deyo called and asked for a few words on receiving the National Award at HOA this year, it seemed like a simple request. However, to put the event down on paper isn't easy. To receive this honor and recognition by your peers is the greatest highlight in a professional photographer's career. My photography career ended about 1989 when we officially retired from the field and sold our equipment and building after 34 years doing only photography and video with Cliff. So many of our associates have retired and many of the newer photographers probably would not even remember hearing my name.

Receiving the National award at this time seemed unnecessary because the past experiences with the photographers, judging, teaching, writing "Here's How", serving on the State and National boards were rewards in themselves. After all, you do all of that for a passion for the industry which has so highly rewarded you financially, not for awards. We always entered the competition just to evaluate our work against others, that made us feel like we were on the right track. Since we had the degrees and lifetime membership, I told Holly I didn't think it was appropriate to present it to me and yet when she began reading about all the lifetime achievements, a flood of emotion was almost overwhelming and I began to cry. It really is a fantastic honor and I want to thank the committee and the PP of N board for reaching out to remember me. I received cards and plants and news articles in many avenues and lots of kudos so now I will say, it may not have been necessary but it was wonderful. Thanks again and it will serve to remind me of all the kind people I have had the pleasure to meet because of a choice to be a photographer and artist.

Betty June Ediger

There were nearly 180 council members attending PPA's conference in Chicago, IL representing their respective states and countries. The PPA National Conference for next year will be held in Atlantic City, NJ.

The PPA continues to be very strong and is working to become member and consumer driven. Indemnification is still a strong reason to belong to PPA. Imagine losing one wedding and being sued. What a nightmare. PPA can help.

Copyright issues are continually at the forefront with 65 presentations being made in front of congress & the senate. PPA is aligning itself with the other industries who suffer from infringement.

PPA will be offering online courses in the near future, so you may study at your own convenience. It looks like the niche conferences such as Senior – Wedding – Children & Family – Marketing & Management – and Digital Darkroom are replacing the Winona School, as we have known it.

If you are not a member of the PPA please consider doing so. You may contact Jim Frieze or Steve Abbott. PPA is committed to it's members.

## Scholarships Available Through PPN

by Warren Johnson, Scholarship Chairman

Since its very beginning, Professional Photographers of Nebraska, Inc. has known that continuing education is important to keep a photographer excited and innovative in the work. This is supported not just by the number and quality of conferences we have each year, but also our commitment to providing educational opportunities for our members in other venues. Because of this, PPN offers a \$500.00 scholarship of our own, as well as administrating scholarship selection for other individual donors and schools.

This year PPN Awarded a \$500.00 Scholarship to Mid America Institute of Professional Photography to Joseph G. Johnston. In addition we gave two \$200.00 MAIPP sponsored Scholarship to Marilyn Johnson and Dick Wirges, and a \$200.00 James & Sylvia Frieze Learning Experience to Benny Hankel.

While some of these scholarships will not be used until next year, it was great to see such competition for these scholarships, and to be able to award so many.

Warren H. Johnson - Scholarship Chair

### Ethics Committee 2002-03

The PPN Ethics Committee was created to mediate consumer complaints against both member and non-member professional photographers. We also field inquires and complaints regarding unethical or unprofessional business practices by any Nebraska photographer. For the good of our profession, if you or someone you come in contact with has a complaint against any photographer, refer the complaint directly to the Ethics Committee Chairman. Never take sides or render an opinion on your own. During the last several years, the need for your PPN Ethics Committee has been almost non-existent. Thanks to Nebraska photographers conducting their business professionally, there have been very few inquiries or complaints filed. 2002-03 marked the second straight PPN fiscal year that we received zero written complaints and only four telephone inquiries for the year. You should always display your signed and framed copy of the Code of Ethics proudly in your studio. Having your code on display may invite questions from clients and could differentiate you from your competition.

**Colleague Membership** ... This classification is for the serious beginner and is similar to the Active Classification except that it does not require that the major portion of income be derived from the photographic industry. **Aspiring Membership** ... This classification is for the person who derives a portion of their income from photography, has a set store front or home based studio with a state tax ID number or works for a business with these requirements, who wishes to continue their education in photography. This category is limited to a one time 5 year max. term, after which you would need to change your membership to one of the other categories to continue.

**Firm Membership** ... May be held by a studio having one Active and one Associate member or two Active members. They must list all employees with the membership chair and may bring any to all events.

**Retired Membership** ... May be held only by those who have reached at least 55 years of age and who are retired from the active day to day involvement in the operations of the business.
